About the organization

The Anti-Crime Program is a joint South African initiative that promotes a systematic approach to violence and crime prevention, combining the strengths and skills of actors from a variety of sectors. together. The program facilitates joint action between and among state and non-state actors to make South African communities safer.

The Mission

The program aims to contribute to national development priorities aimed at creating a safer South Africa by addressing the root causes of violence and crime through promoting integrated prevention approaches, comprehensive and developed. This program supports the vision of Chapter 12 of the Prevention Strategy as well as the National Strategic Plan on Gender-Based Violence and Femicide.

How we empower the communities

Empower children and youth to become change agents for safe communities:

- Strengthen the capacity of key actors in local prevention with a focus on GBV

- Strengthen the capacity of local authorities in preventing GBV
- Strengthen territorial approaches through collaboration between municipalities and CSOs
- Strengthen faith-based actions to prevent GBV
- using the morning after pill to prevent a rape-related unintended pregnancy
- Antibiotics to prevent STIs (sexually transmitted infections)
- Drugs used in date rape can be detected by blood testing.
- Internal medical examination to determine the extent of the victim's injuries and provide treatment
